

## Graphic Design Services

If you can't find what you want from our Template Gallery and you don't have something completely designed we can put together a great design for you!

### A. If we are going to design your piece

We have a vast library of stock photography to choose from for your mail piece. Our fee for a full conceptual designed postcard is only \$150. Included in this price are one photo, a headline and text on the back. We do not charge any extra fees for using any of our stock images. If you investigate this rate you'll find it to be very, very fair. We really do know what we're doing. Our graphic designers have a combined 20 years of experience and we do this day in and day out.

### B. We're designing it and you know exactly what you want

If you give us the headline and the exact text you want printed on the back of your piece our fee is \$75. If you don't have the photo and you can't verbalize exactly what you want then the fee to design your piece is \$150. The only time the fee is less than \$150 is when you provide one photo, the headline and exact text you want.

### C. Designs larger than 8.5" x 5.5"

If you are using one photo, a headline and text on the back our design fee remains at \$150. However, larger pieces usually require much more time and we'd be happy to give you a quote. Please call us at 1-800-640-0447 and we'll be more than happy to help you.
