

Mailing Services

Let us take care of your mailings for you!

We can mail your pieces and save you money on the postage, this makes the mailing services we provide usually free.

An example of this is first class postage on a 8.5" x 5.5" post card is \$.39. If you want to mail these pieces thru us we can lower the postage to approximately \$.30 for first class. This saves you \$.09 in postage which will more than pay the charge for mailing service, you don't do any of the work and it's in the mail stream much quicker.
